

Curriculum Leadership Development Network

One Day at A Time

Can't commit to all days? Attend only the days/topics you need!

CLDN is designed to provide in-depth learning and networking opportunities that develop curriculum leadership. We're often asked, "Can I sign up for just part of the program?" The answer is YES! CLDN sessions will be expanded to include educators and TEAMS OF EDUCATORS who wish to select individual days and topics.

SCHEDULE

Day 2:
Mar. 22

Jeanine Buishas Academic - Acceleration: Policy, Procedures, and Programming

The Accelerated Placement Act requires Illinois school districts to establish policies allowing for academic acceleration. This workshop will include research and rationale to support various forms of acceleration, opportunities for the review of district procedural guidelines, and detailed programming options.

Day 3:
April 1

Megan Fuciarelli - Implicit Bias, Equity and Cultural Competence

Work within your school and/or district to create a culture that is equitable, efficient, and powerful for all. This workshop will offer practical solutions to enhance school curriculum, improve culture, and promote educational equity.

Day 4:
April 29

Steve Oertle - Formative Assessment

Learn how to make your curriculum a dynamic curriculum. Seek deeper knowledge about Learning Intentions, Feedback Loops, and Success Criteria using feedback. Practice how to use the formative process to make the learning better by checking on the learning as it is going on to make the learning on-going.

Day 5:
May 20

Elizabeth Freeman, Karen Maturo, Matt Fuller, Joe Robinson - Blended Learning and Personalized Learning

Blended learning joins tech and traditional student/teacher interactions. See examples of how rotations, flipped classrooms and the flex model enhance learning. Learn how personalized learning paths recognize student variation in learning and enabling students to make informed learning judgements about how well and what they have learned and what comes next.
