

Fostering a Trauma Sensitive Learning Environment

with Kristin Souers

February 19, 2020
Administrator Academy #1374

Childhood trauma is real, and it is more prevalent than we might believe. In this engaging, relevant and practical session, learn from childhood trauma expert Kristin Souers (co-author of the best selling and award winning *Fostering Resilient Learners: Strategies for Creating a Trauma Sensitive Classroom* – ASCD 2016) about the importance of incorporating trauma-invested practice in the school setting.” Incorporating research, building a common vocabulary, and exploring the impact of stress on the brain development begins our exploration. And because we’re in a service-oriented profession and continuously look outward to help others, we’ll turn our lenses around to build self-awareness, investigate the power of relationship, examine our belief systems, and embrace the concept of grace as we collaboratively build a Culture of Safety for our students, families, staffs, and communities. If we’re going to be good to others, first and foremost we’ve got to be good to ourselves. This session is rich with strategies and approaches to do just that...so we can foster resilient learners.

PARTICIPANT OUTCOMES

1. Participants will deepen their understanding of key vocabulary and research around childhood trauma, the effect of toxic stress on brain development, and the need for us to create a #TraumaInvested learning environment.
2. Participants will embrace the need to build self-awareness and tend to their self-care in order to be primed and ready to effectively support their students and children.

This Workshop is based on Kristin's best selling book. Pre-order a copy on page 2

Kristin Souers

As an independent consultant, adjunct faculty member at the Gonzaga University School of Education in the Counselor Education Department, and the assistant director of the Washington State University Child and Family Research Unit, Souers now provides crucial professional development, consultation, education, and training services to schools, school districts, and organizations throughout the country. She has presented to hundreds of audiences, facilitated group learning, supervised internships, directed programs, and supported the learning and growth of countless educators, caregiving professionals, and other individuals.
