

Two K-3 Topics in one day!

Oh, The Math That They'll Know – Primary Math Games & "Play on Words" – Primary Literacy Games

OH, THE MATH I KNOW

Are you looking for engaging and effective ways to help your primary students gain confidence and competence with key math concepts? Come prepared to play math games that incorporate the use of cards, dice, multi-sided dice and new math shakers. Concepts Covered Include: Strategies for building number sense, counting, subitizing, comparing numbers to 10, 20, 100, 1000 Operations – addition and subtraction strategies including doubles, make ten, count on, associative commutative properties Building Fluency for both single and multi digit operations. Place value concepts including number line strategies. Throughout the workshop participants will have the opportunity to play each game, learn how to differentiate the activities, how to develop math journal and math talk extensions, and how to integrate problem solving strategies and assessment opportunities. Student samples, game boards, ideas for whole and small group instruction will be provided throughout. Interspersed throughout will be practical ideas on classroom organization and management to ensure effective implementation of games as a teaching strategy. Come prepared to play.

PLAY ON WORDS:

Are you at teacher who is seeking hands-on literacy activities for your students? Come prepared to play literacy games that incorporate the use of easily found literacy manipulatives including dice, cards, letter tiles and more. Games are easy to differentiate and integrate into your literacy program; whole class or perfect for small differentiated group centers. The ideas are also easily transferable to literacy backpacks for home!

Concepts Covered Include:

- Introducing the alphabet and its' sounds, letter matching activities
- Building rhyme for early literacy success
- Vocabulary – enriching our students spoken and writing vocabulary
- Exploring and spelling simple CVC words
- Learning about the vowels, double vowels and working with multi-syllable words
- Word Play with all kinds of words – learning about homonyms, synonyms and antonyms.

Participants will receive an extensive handout with game boards, see many student samples including ELL work, journal masters and more. Classroom and resource management will be provided throughout. Come prepared to play and experience the power of using games for bringing literacy concepts to life for your primary students.

Who Should Attend? K – 3 Grade teachers, teacher assistants, special ed and after school program staff, curriculum coordinators, math & LA coaches. This is great timing for teachers to plan summer school programs and also to PLAN for solid implementation in your classroom!

LIMITED RESOURCES WILL BE AVAILABLE ON-SITE FOR PURCHASE
