

Curriculum Leadership Development Network

5 Days of Learning
1 Powerful Cohort

Illinois ASCD's CLDN meets from January - May and will provide you with access to industry leading experts in some of the most cutting edge topics in education.

SCHEDULE

DETAILS

January 21, 2021: Kristen Souers-A Culture of Safety

In this continuing exploration of #TraumaInvested practice, join childhood trauma expert Kristin Souers as she shares keen insights into the practices of empathy and attunement. She will work with the team on learning a communication strategy built to strengthen connection and understanding. Learn the characteristics of a Culture of Safety, and implement timely interventions for our students by addressing the New 3 R's in education: Relationships, Responsibility, and Regulation

February 24, 2021: Crystal Wash- Restoring a School Community After a Crisis (Live and Recorded)

Principals and Leadership Teams will engage in understanding adaptive and technical strategies to build a culture in the building after a crisis. The remainder of the training will cover developing a cohesive plan where everyone supports SEL goals for all students and staff using a system to track students who will need to reconnect to the classroom community. This system ensures there is a Call to Mental Health that drives system change within the building.

March 22, 2021: Standards Based Grading with Steve Oertle (Live and Recorded)

We will take a deep dive into not only the "WHAT" and "HOW" of standards-based grading, but the "WHY" as well. Participants will have time to develop action steps that will lead to greater clarity of purpose, a more impactful system for communicating growth and achievement and ultimately a student-led learning environment in which students are their own teachers.

April 26, 2021: Student Voice with Dr. Terry Mootz (Live and Recorded)

Over the course of more than three decades of working with students and teachers, research has identified the value of listening to their voices. Research demonstrates that honoring the voices of others simultaneously fosters respect, creates lasting partnerships built on trust, and develops a sense of shared responsibility. With a foundation built on social-emotional learning competencies, students will be able to work collaboratively with adults for continuous improvement.

May 17, 2021: Leadership and Learning Implications with Dr. Sarah Cacciatore (Pending - Administrator Academy #1185)

This academy will give administrators the tools they need to lead their districts through a change process. Whether that is updating standards, adopting new grading practices or improving instructional philosophies. They will learn how to identify which change theory will best suit their building or districts needs as they continue to lead and grow. .
