## Featuring Julie Adams

Get “FULLY CHARGED” in 2022!

Join CEO, Author, Educator of the Year, and Coach,  
Julie Adams,

for a fast-paced, highly engaging workshop that will provide you  
the WHAT, WHY, and HOW

to increase social-emotional and cognitive success across your  
WHOLE school system.

Workshop participants will laugh and engage while learning the neuroscience and strategies that enable them to:

- ✓ understand how the young brain differs from the mature brain and how to strengthen it even during stressful times
- ✓ address ACEs and pandemic implications on brain development to increase success
- ✓ enhance positive school culture
- ✓ practice SEL and critical thinking strategies to increase student engagement and achievement
- ✓ identify and support the 8 mental health issues on the rise and learn how to mitigate them
- ✓ increase support and engagement with families and staff
- ✓ plant the “S.E.E.D.S.” –the 5 ingredients most influential to our mental and physical health that can be practiced throughout a school system

Come join us as we deepen our understanding of the impact that current stressors have on the brain and become #FULLYCHARGED with immediately applicable strategies and resources to increase both SEL and instructional success in our schools.

Registrants who select the add-on **book option** will receive a copy of #FULLYCHARGED for an additional cost of \$20. Books will be distributed to in-person attendees at the event and mailed to virtual attendees' school address.
